

Policy Regarding Insurance Benefits

This notice is to inform you that we will file your insurance claims as a courtesy for you and will accept "assignments of benefits" on your behalf. Regardless of what we may calculate your insurance company to pay, it is only an estimate. The financial obligation for dental treatment is between you and this office, and it is not between this office and your dental insurance company.

We will do all we can to get the maximum benefits reimbursed for you. Please be aware that some services provided may not be covered in part or in full by your insurance company. Your insurance company has the right to approve partial payments, as well as having the right to deny a claim. We have no control over what determination your insurance company makes.

You are responsible for payment of your account, regardless of any insurance company's arbitrary determination of what benefits for service will and won't be paid.

If you have any questions about the above aforementioned policy, please feel free to ask us at any time.
